

iPad Pin Change

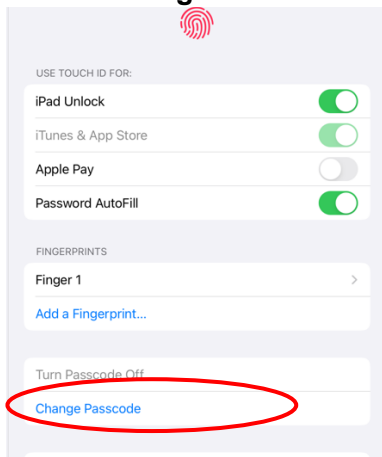

1. Open **Settings** and click on **Touch ID and Passcode**.

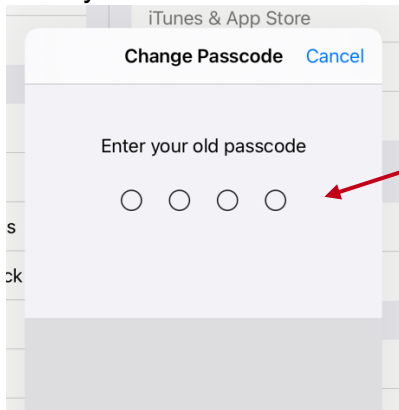

2. Enter the device's **Current Passcode**.

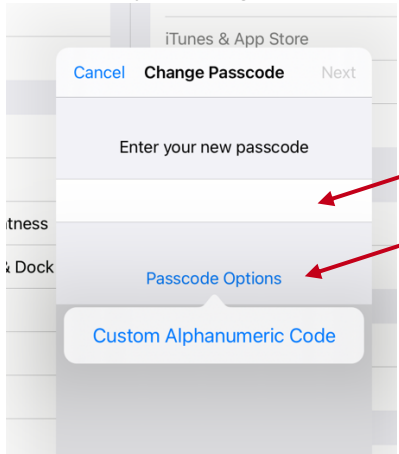

3. Select **Change Passcode**.

4. Enter your **Old/Current Passcode**.

5. Enter your **New/Desired Passcode** and click **Next**. NOTE: This can be either numeric or alpha numeric by clicking **Passcode Options**.

6. Enter the **New Passcode** again to verify and click **Done**.
